Mr Vinidh Paleri	<i>Newcastle</i>
Prof Gerry Humphris	<i>St Andrews</i>
Mr Derek C Stewart, OBE	<i>Nottingham</i>

Course organiser

Prof Simon Rogers	<i>Liverpool</i>
-------------------	------------------

This year the workshop will be split into four sections

- Thursday morning – overview of Patient Reported Outcomes, Patient Concerns expressed in clinic and MDT involvement, an update in H&N since the last workshop
- Thursday afternoon – functional outcomes (e.g speech, swallowing, nutrition, PEG, chemoradiotherapy)
- Friday morning – Psychological aspects (e.g. depression, life style – alcohol / smoking, fear of recurrence)
- Friday afternoon – The patient and carer perspective (e.g information, diagnosis, treatment burden, finance, bereavement)

The workshop is suitable for all members of the H&N MDT. Throughout the meeting there will be free papers – please consider submitting an abstract. Also there will be plenty of time for discussion and sharing best practice.

2 day course fee - £160 including the infamous course dinner (*Day rate is available*)

Pencil the dates in your diary for 2010. More information in Spring 2010 or look on : www.headandneckcancer.co.uk or contact Simon at snrogers@doctors.org.uk
